## 20.48.110 Home Occupations

This section provides standards for the conduct of home occupations as an accessory use to ensure compatibility with the residential character of the neighborhoods where located and to prevent disturbances or annoyances to any reasonable person of normal sensitivity residing in the area.

- A. **Occupancy.** A home occupation shall only be operated in a residence occupied by a single housekeeping unit and by a member(s) of that single housekeeping unit.
- B. **Location.** A home occupation use shall be conducted in the principal dwelling unit; shall be excluded from a setback area, yard or accessory structure; and shall be clearly incidental and subordinate to the principal residential use.
- C. **Alterations.** Alterations shall not be made in either the internal or external structural form of the residential structure or the external appearance for purposes of any home occupation. The removal of partitions or floors, in whole or in part, shall be construed as an alteration of the external or internal structural form and is prohibited.
- D. **Signs.** Evidence of a home occupation shall not be visible from off the lot where it is conducted. Advertising sign(s), displays of merchandise or stock-in-trade, or other identification of the business activity shall not be displayed on the premises in a manner that they are visible at any property line of the subject property.
- E. **Employees.** Employees of a home occupation shall be limited to permanent residents of the dwelling unit. This restriction shall not apply to independent contractors who make occasional or periodic visits to the site of the home occupation.
- F. **Storage.** Equipment or materials used in a home occupation shall not be stored outside or visible from any property line of the subject property.
- G. **Utilities.** Changes shall not be made in any noncommunications utility line, meter, or service to accommodate a home occupation and utility use shall not unreasonably exceed that normally or previously used at the residence.
- H. **Performance Standards.** Equipment or processes shall not emit radiation or create noise, vibration, glare, fumes, odors, or electrical interference detectable to the normal senses off the lot. In the case of electrical interference, equipment or processes shall not create visual or audible interference.
- I. **Parking.** Parking shall comply with Chapter [20.40](#) (Off-Street Parking) and Section [20.38.060](#) (Nonconforming Parking).
- J. **Traffic Generation.** A home occupation shall not create pedestrian, automobile, or truck traffic significantly in excess of the normal amount in the neighborhood.
- K. **Prohibited Activities.** Vehicle repair or storage associated with the home occupation shall not be allowed. Storage of hazardous materials shall not be allowed.
- L. **Visitors.** Home occupations shall not be open to visitors without prior appointments.
- M. **State Law.** Home occupations shall be subject to all other State and local laws and ordinances.
- N. **Business Licenses.** Applicable business licenses shall be obtained as required by Title [5](#) (Business Licenses and Regulations).
- O. **Commercial Filming Activities.** Commercial filming activities may be allowed subject to approval of a film permit in compliance with Chapter [5.46](#) (Regulation of Commercial Film Production). (Ord. 2010-21 § 1 (Exh. A)(part), 2010)
